## of accessibility

The threshold-free.nl foundation declares that the

**Attendant Console**

by

**Anywhere365**

based on the inspection by Accessibility  
may carry the green Accessibility Mark with 2 stars.

At the time of inspection, the Attendant Console complies  
to the international accessibility guidelines WCAG 2.1, level AA.  
This means that Attendant Console can be used by anyone, including  
people with disabilities.

The certificate is valid for three years

Inspection date: 27-03-2023

Certificate number: 2 3 0 7 6

For the Foundation drempelvrij.nl,  
Hilversum, 17-07-2023

SP de Paauw  
chairman

MA van Grafhorst  
administrative secretary

**Valid until**  
27-03-2026

### Scope

The certificate covers:

- All pages on dr-attendant1.acc.anywhere365.io (URI based)

### Sample composition

The following page/parts were inspected:

- <https://dr-attendant1.acc.anywhere365.io/>

### Disclaimer

Based on the sample, a high percentage of reliability was calculated for a collection of web pages. This means that the inspection can be repeated, each time with a new (random) sample from the same collection of web pages, has the same reliability.

The inspection rules out the possibility that structural errors occur in the collection of web pages and that incidental errors are limited to a minimum, but cannot be ruled out.

### Complaint?

Do you believe that the website does not comply with one or more of the tested accessibility guidelines? Then you can report this to Accessibility. Your complaint will be carefully processed by Accessibility. If after investigation it appears that the complaint is justified, Accessibility will contact the website administrator. He or she will then ensure that the website is adjusted in accordance with the guidelines within a set period.

If the website administrator does not agree with the complaint, he/she can submit the issue to the Technical Expert Community Accessibility & Usability<sup>i</sup> of Stichting drempelvrij.nl. The complaint will be discussed carefully there. The outcome will be shared with the website administrator. He/she will then ensure that the website is adjusted within a set period in accordance with the ruling of the TEC T&G.

If after the set period it appears that the website still does not meet the guidelines, Stichting drempelvrij.nl has the right to withdraw the certificate of accessibility and communicate this on the website.
